Welcoming our New CEO: Ellen Belanger

Ellen M. Belanger is a healthcare executive with more than twenty years experience in a variety of administrative roles. She is a graduate of the University of Central Missouri and the University of Connecticut Certification Program in Long Term Care. She was awarded Student of the Year in the U Conn program, and completed her Administrator-in-Training work at Genesis Healthcare Glendale Center in Naugatuck, Connecticut.

Ellen has an extensive background within the managed care environment, including assignments in proposal development and corporate marketing for John Deere Health Care in the Midwest, and Pacificare in California. She has broad experience in healthcare quality improvement, having supervised large projects in these organizations. Most recently, Ellen served as the Health Services Administrator at Meadow Ridge in Redding, CT.

Ellen has a longstanding commitment to patient safety, operational efficiency, and high quality clinical outcomes. For her, this became a focus of intense interest, and led her to undertake and complete an M.S. degree in Patient Safety Leadership.

Ellen is very comfortable with information technology applications, and can both develop and interpret data using a variety of applications.

Ellen and her husband are in the process of relocating to Worcester from Connecticut.

Welcoming Our New Admissions Director: Lydia LaBree

Hi, my name is Lydia LaBree. I am the new Admissions/Marketing Director here at Holy Trinity Nursing and Rehab Center. I am excited to be here. Holy Trinity is a name that is embedded in the hearts of many. I bring with me my experience and knowledge that I have obtained over the last 20+ years. I have worked in many mediums in the healthcare environment from nursing facilities to acute hospitals. I have past experience as a C.N.A, Activities Director, Discharge Specialist and Admissions. I look forward to increasing our short term rehab admissions and getting our name associated in our community as the rehab center of choice.

BE PREPARED FOR FLU SEASON!!

Flu is a potentially serious, contagious disease. It can cause mild to severe illness. Serious outcomes of flu can lead to hospitalization and even death. CDC recommends a three-step approach to fight flu:

1. **Get a flu vaccine.** Everyone 6 months and older should get a flu vaccine by the end of October. Getting a flu vaccine every year provides the best protection against flu.
2. **Take everyday actions to stop the spread of germs.** Try to avoid close contact with sick people, and if you become sick, limit your contact with others. Cover your nose and mouth with a tissue when you cough or sneeze, and wash your hands often.
3. **Take flu antiviral drugs if your doctor prescribes them.** If you get sick with flu, prescription flu antiviral drugs can be used to treat flu illness. Antiviral drugs can make illness milder and shorten the time you are sick. They may also prevent serious flu complications.
